

GAULTS GROANING AT THE TREASURY

Sum of \$1,800,000,000 in Cash Stacked Away.

IS THE LARGEST ON RECORD

First Time Income From Internal Revenue and Customs is Nearly \$2,000,000,000—Report for 1911 Shows First Cash Surplus Since 1907.

When the government's fiscal year for 1911 closed Friday the federal treasury held a cash surplus of at least \$1,800,000,000 and showed an excess of all receipts over all disbursements for the first time since 1907. While the revised returns, showing the government's exact financial condition, will not be available for several days, from such figures as are at hand, and such estimates as treasury officials consider reliable, it is apparent that the government, during the last twelve months, received from all sources not less than \$2,000,000,000, and expended not more than \$1,800,000,000, leaving a surplus of \$200,000,000. The first time income from internal revenue and customs was more than \$2,000,000,000 was in 1907, when the total was \$2,000,000,000. The government's receipts for 1911 were \$2,000,000,000, and its expenditures \$1,800,000,000. The surplus of \$200,000,000 is the largest since 1907. The government's receipts for 1911 were \$2,000,000,000, and its expenditures \$1,800,000,000. The surplus of \$200,000,000 is the largest since 1907.

Four causes have contributed to the increase in the internal revenue. The corporation tax is responsible for \$222,000,000; whisky and other spirits, \$185,000,000; tobacco, \$52,000,000, and beer, \$21,000,000. It was estimated that when collections of internal revenue throughout the country closed their offices today the government would have at least \$2,000,000,000 of the corporation tax money in hand. The other \$3,000,000,000 is not expected until July 10, the last day without a penalty. The federal treasury enters the fiscal year 1912 with more than \$1,800,000,000 in cash stacked away in the vaults, the largest sum ever held there.

DENOUNCE CHARGES.

Prophet Smith Says Polygamy is No Longer Practiced.

In an interview at Washington, Sunday, P. Smith, 74 years old, president of the Mormon church, at last breaks the silence which he has hitherto not chosen to lift. He says that he has practiced polygamy and that the church operates in defiance of law. Denouncing as "absolute falsehoods" the charges against himself made against his church, he declared that polygamy no longer is practiced by Mormons, and that the man who is charged with a plural wife is promptly excommunicated. He declared that he had no support, but does not live with his five wives he married prior to the decision of the supreme court that polygamy is unlawful, and before the governing body of the church rescinded its famous manifesto forbidding its followers to continue the practice. The prophet said: "Since my elevation to the presidency of the church, I have fought every day and night to have Mormonism cease entering into polygamous marriages."

2 DEAD; 17 HURT.

Was the Result of a Wreck on the Pennsylvania Railroad. Two persons were killed and seven others injured when the 5:40 train on the Pennsylvania railroad struck a freight train at Atlantic City Sunday afternoon. The local train had orders to go on and sidling at Lucaton, to permit the express, which is one of the fastest trains on the road, to pass. Railroad officials say the accident was due to the mistake of the brakeman of the local train, who threw the cross-over switch instead of the siding switch. Eye-witnesses of the wreck say the express train had a narrow escape from an appalling accident. Its schedule calls for a speed of a mile a minute. Had the impact occurred a fraction of a second later, both trains must inevitably have been wrecked with terrible loss of life.

FOR FEDERAL PEN.

Eight Convicts Left Washington for Atlanta Penitentiary. A party traveling in a special car, the Southern railway left Washington for Atlanta, and its destination was the United States penitentiary. There were eight men in the party sentenced and sentenced for various crimes against the government. They left in charge of Warden McKee and several guards. The prisoners are: "White" Frank Jefferson and Harold Weber, one year and one day each for grand larceny; George W. Taylor, two years, embezzlement. Colored—Herbert Payne and William Jones, alias Richard Robinson, two years each, depredation on private property; John L. Brewer, alias John Lewis, one and one-half years, robbery; Percy A. Burton, robbery, and James A. Lewis, one year and a day, forgery.

FIVE SETS OF TWINS.

Husband Weighs Only 90—Wife is Little, Too. Although her husband is regarded in Gulfport as the "most delicate" looking member of the whole family, Mrs. J. D. Pifarlio, herself small in stature and avoirdupois, is generally regarded as furnishing Gulfport the distinction of claiming a world's record for antirace suicide. Mrs. Pifarlio has just presented her husband with twins, the fifth set in eight years. There are six girls and four boys, and all are living, in perfect health. The husband weighs 90 pounds. The first twins were girls, also the fourth and fifth sets.

EARTHQUAKE JARS SAN FRANCISCO

Tall Buildings Rocked by Violence of Shocks.

LASTED SEVERAL SECONDS

Shocks Were Heavier Than Any Experienced Since the Big Shake of 1906. Earthquake of 1906—The People in Panic. Two earthquake shocks, the heaviest since the big shake of 1906, and separated by only a few seconds, jarred the central portion of California and western Nevada Sunday. The first sharp shock, experienced at 2:01 o'clock, was followed within a few seconds by one of similar intensity, each lasting about five seconds. Only trivial damage has been reported from any section, but in San Francisco and other cities in the affected area panic seized upon the crowds in stores and restaurants, and there was a pell mell exodus from the large buildings. One Peculiar Feature. One peculiar feature of the earthquake was that it did not appear to follow the old "fault" in the earth's crust which has been the playground of tremblers in the past, but extended from the southeast toward the Sierras, including hitherto exempt mountain areas. It was felt to the northward of Sacramento in the Sacramento Valley, southward as far as Fresno, and to the east to Reno and Carson, Nev. The latter place experiencing the heaviest shock in its history. Some slight damage was done to buildings in San Francisco.

BIENNIAL SESSION.

Bill to Change Meetings of Georgia Legislature. A general sentiment in both branches of the Georgia legislature to change the time of the sessions of the general assembly, has crystallized in two divergent bills upon the subject. W. H. Burwell, of Hancock county, placed one before the lower house on Thursday afternoon providing for a ten days session in January for the inauguration of the governor, but retaining a forty days session in the summer for the rest work of the body. Senator W. J. Harris, of the Thirtieth district, Cedartown, introduced a biennial bill in the senate Friday morning, different and more sweeping than Mr. Burwell's measure. Senator Harris' bill provides for the meeting of the legislature to take place in the first Wednesday in January, and that sessions be held biennially thereafter.

WHITE HOUSE SCENE OF SILVER WEDDING

Taft Congratulated on 25 Years of Wedded Joy.

CREAT THROG WAS PRESENT

Never in History of Nation Has Such a Function Been Held in Washington—Taft and Wife Meet Guests at Wedding March is Played.

The silver wedding celebration of the president and Mrs. Taft, the second that has been held in the white house, came to an end with the reception on the white-house lawn. Invitations had been sent to close to 12,000 persons, and while the official count of those who shook hands with the president was not given out, it was estimated that at least 5,000 persons were present. The history of the nation probably has such a function been held in Washington. The diplomatic corps, the United States supreme court, the senate and the house of representatives, the departments of the government, the men who are high in political affairs of the country, the navy and every walk of life almost were represented. The cool, clear night that made a reception in the open air possible, prevented the crush that the white house for days had been afraid of and made the reception not only brilliant, but delightful in every respect.

Great Crowd of Onlookers

Possibly 15,000 people crowded about the iron fence that surrounded the grounds and looked longingly at the electric display, the gleaming fountain and the gay throng within. Washington seldom gets excited about anything, but it showed its interest in the anniversary of the president in an unmistakable fashion. Preparation had been made for 5,000 guests, and the gleaming tables in the state dining room came as near glowing as a perfectly good statue and avoirdupois, is generally regarded as furnishing Gulfport the distinction of claiming a world's record for antirace suicide. Mrs. Pifarlio has just presented her husband with twins, the fifth set in eight years. There are six girls and four boys, and all are living, in perfect health. The husband weighs 90 pounds. The first twins were girls, also the fourth and fifth sets.

AT TAFT CELEBRATION.

Georgia Well Represented at White House Silver Wedding. Georgians in considerable number attended the Taft silver wedding anniversary at the white house. Among the Georgians were Judge and Mrs. Newman, and Judge and Mrs. Pardee, Colonel and Mrs. Robert Lowry, Mr. and Mrs. J. W. Grant and Miss Grant, Mrs. A. E. Thornton and Hugh Richardson, all of Atlanta. Among the Georgians now residing in Washington who attended the reception were Judge Clements of the interstate commerce commission; Senator Bacon, Representative and Mrs. Roddenberry, Representative and Mrs. Howard, Representative and Mrs. Edwards, Mr. and Mrs. Ralph Smith, Mr. and Mrs. John Corbett, Jr., Mr. and Mrs. Theodore Tiller, James Perry, W. M. Dunbar and others. So far as could be learned, no guests from Savannah or Augusta, both favorites with the president, were in attendance, but he received congratulatory messages from friends in both places.

NEW POSTAL BANKS.

Department is Pleased With Manner in Which They Are Patronized. A statement issued by Postmaster General Hitchcock shows that a total of \$390,000 was deposited in the first forty-eight postal savings banks in the five months of their operation. The second group of forty-five depositories, which opened for business on May 1, received in the first month \$70,749 in deposits, 14.7 per cent. more than was taken in at the initial offices during the first month's operation. There were 2,119 separate deposits, averaging \$32.30. On July 1 it will be possible for depositors to convert their savings account into United States bonds bearing 2 1/2 per cent. interest. Many applications for the bonds have been received. The reports received from the depositories are so encouraging the prediction is made that by July 1 deposits will have reached \$1,000,000.

WARREN TO WED.

The Senators is 67 Years Old and Bride to Be is Only 35. Senator Francis E. Warren, of Wyoming, married his fellow senator at Washington when he announced that he was to marry in the near future Miss Clara Le Baron Morgan, of New York and Washington. Miss Morgan is the daughter of the late John L. Morgan, of Groton, Conn., and is about 35 years of age. In recent years she has spent her winters in Washington with her uncle, former Associate Justice Brown, of the supreme court, and is well known in Washington society. Senator Warren is 67 years old and has been a widower nine years. He has a son, Fred E. Warren, of Cheyenne, Wyo., and a daughter, the wife of Brigadier-General John J. Pershing, now in the Philippines.

Tidings From Andalusia.

Yesterday's Andalusia Star had the following:

For several days The Andalusia Star has been working for an extension of the Journal-Herald National Highway from Americus, Ga., to Mobile, Ala., through the towns of Dawson, Cuthbert, Enfield, Clayton, Troy, Elba, Andalusia, Brooklyn, Brewton, Flo-matton, Atmore, Bay Minette, Daphne and Mobile. The editor of The Star will furnish a car for scouting purposes and the trip will shortly be made under the auspices of the Andalusia club. It is hoped to make the trip during July.

Rev. J. F. Daily, of Enterprise, assisted our pastor, Rev. J. F. Feagin, at Liberty in conducting a revival meeting last week. Ably did he preach, thus making a warm revival, and doing great work in the Master's field. The Quarterly Conference was held there Saturday with a delicious spread of many good things to eat, all enjoyed a pleasant day.

Mr. G. E. Lindsey of Elba visited homefolks Sunday.

Among those who went to town Monday were Messrs. J. E. Thomas, Walker Thomas, J. F. Lindsey, J. P. Wise, Mills Rhodes, Bozeman Wallace, Ray McCard, Green Clark and T. D. Dorrough.

Prof. J. M. Farris spent Saturday and Sunday at home and in Elba where he performed his duty as Sunday school superintendent at the Baptist church.

Miss Ada Foley is visiting in Elba this week.

Miss Sallie Moody spent Saturday and Sunday with home folks near Elba.

This week brings to a close the first month of our private school. Already the enrollment has reached very high, and more are coming in. With the increasing work of our teacher Mr. J. M. Farris, we are having an enthusiastic school. Our motto is: "Work for work brings reward." The following is a list of those whose names are recorded on the honor roll for faithfulness, deportment and attendance: George Clark, Dee Clark, Early Clark, Kate, Mary, Bessie and Drue Dorrough, Carrie and Frank Foster, Mattie and Hub McCard, Ada, Ola and Lark Wise, Sallie Moody, J. D. and Eugene King. Student.

To whom this may concern: In appreciation of the excellent quality of the service rendered to the Coffee County High School and to the county board of education as trustees of this institution, we, the members of the board, desire to state publicly that the entire faculty consisting of F. M. Fleming, principal; G. C. Bowen, first assistant; Miss America E. Hargis, second assistant; Samuel Dowling, dress assistant rendered eminently satisfactory service and that the board would have been fortunate to secure the same faculty for another session. None but the principal could be secured. The work of the faculty has been pleasant, and it is with regret that we have accepted the resignation of such of them as saw it to their interest to go elsewhere.

Respectfully submitted, C. H. Byrd, chairman ex-officio. G. M. Heath, G. M. Roberts, A. M. McCollough, J. T. Thomas, Members County Board.

What's Happening At Cross Roads.

As it has been quite a while since there appeared in The Clipper columns a news communication from this community, I will now indulge the reader's attention with a few happenings.

In the first place crops are exceedingly fine. With the revised methods of farming, the amount of fertilizer used, and the frequent showers, some corn crops bid fair for 50 bushels or more to the acre and some cotton over a bale. These are not brag patches either, but entire crops.

We are proud to say there will be Sunday School regularly again at Liberty beginning next Sunday. For sometime past there has been no Sunday School for some cause. The writer hopes that the entire community will join in with our efficient superintendent, Bro. Ma-berry, and aid him in making it one of the best Sunday Schools in the county.

This morning a meeting of about one hundred citizens was held at 11 A. M. in Elba. It was decided that it is only wisdom to try to get this highway through Coffee. So a meeting was called to be held at Elba on Monday July 17th at 10 o'clock to decide what step to take. The apportioners and overseers of Beats 2, 6 and 15 and all the people take along the line.

We will be delighted to see you in Atlanta at any time.

"Very truly," "John S. Coshen," "Managing Editor," Andalusia Star, July 13, 1911.

What Will We Do? We need this road. We ought to get it. Will We Try? Editor Doty writes that the matter action must be taken NOW.

The National Highway has already been located from New York through New Jersey, Maryland, District of Columbia, the Carolinas and Georgia, through Atlanta to Americus, Ga. It is now planned to extend road to Mobile, and eventually it will go to New Orleans.

This week's Andalusia Star shows that Covington is enthusiastic over National Highway. What will our Coffee people do?

Doty Will Be Here. Hon. Edward Doty was by today's meeting invited to attend the big meeting at Elba Monday. When phoned about it he said he would come. He is a man of great ability and it will be a privilege to see and hear him. He is one of the best posted road men in the south.

County Court Holds Last Term Unless Abolish-

ing Act Is Void.

The regular jury term of the County Court of Coffee has been in progress here for the past two weeks. This week's work was ended yesterday by disposition of all cases on docket.

It will be noted that under the local act of the legislature, recently passed to the county court will cease to exist on the 15th of this month, provided this law is held valid by the Supreme Court of Alabama. There is some question as to the validity of the act abolishing the court, and a test case will probably be made at once and carried to the Supreme Court for its decision.

In 1907 an act was passed seeking to abolish this court, but the Supreme Court declared the same unconstitutional, and it is now removed among the legal profession that the act which Representative Pittman had passed is also unconstitutional and void. The people of the county are anxious to have the County Court abolished, and hope that it has been legally done.

Porch Party.

An enjoyable occasion of last week was the porch party given by Miss Maud Hickman in honor of her guest Mrs. J. G. Hickman, of Vicksburg, Miss. The guests were reclined and delightfully entertained on the porch of this hospitable home.

Five tables were arranged for progressive games in which the guest participated for a prize. At the conclusion of the afternoon, delicious refreshments of ice tea, and sandwiches and cake were served.

Those present were Misses Zelma Rowe, Cleo Bryan, Claudine Rushing, Ella and Ada Law, Minnie McCaskill, Zedie Rowe, Sue Rauer, Alice Boyd, Essie Rowe, Bessie Farris, Ethel Farris, Fannie Harper, Mrs. O. A. Ellis, Mrs. John Armour, Mesdames J. M. J. G. Hickman and Miss Maud Hickman.

ELBA, ALA., JULY 14, 1911.

The poor we have always with us—even when we are alone.

Experience is better than great riches, and is sometimes all we possess.

Education will do wonders. Without it no state or country can have a great citizenship.

Thomas E. Watson, of Georgia, is a great statesman and an able leader, but has few followers in the Georgia legislature, having received only five votes in the U. S. Senatorial contest.

The taxing power is the most oppressive power of our government. It seems that this power is being exercised in Alabama to a greater extent than ever before. New offices and higher salaries require more and heavier taxes.

Congress is playing politics, and doing nothing yet in reducing the high cost of living. The Canadian reciprocity bill, the free list bill and United States Senators election bill are yet unpassed by the Senate. The people want relief.

The Coffee County Sunday School Convention was held yesterday and is being held today at New Brockton. Several delegates from the Elba Sunday Schools are attending. Mr. Leon C. Palmer and Miss Bachelard, state field workers are attending the convention. Coffee will probably maintain its banner county standard.

Coffee county should take up the work of improving the public roads at once, or else be found in the rear in the good roads movement. Until we can adopt a better system of working our roads, let's use what we have to better advantage and make no delay in putting all of the roads in first class condition. The overseers can see that this is done.

In Congress we have democrats and semi-democrats, republicans and semi-republicans; and then we have another class which they term "thorough democrats". There is no telling what such a crowd is going to do, and as a matter of fact there is not much to tell that they have done.

The Clipper Out of Court.

On yesterday, the suit in Chancery Court wherein a receiver had been appointed to take charge of The Clipper, was dismissed, and the receiver delivered The Clipper property to Bryan & Carmley, who will now run the paper and printing business, heretofore conducted by Felder & Carmley.

While the receiver, Mr. M. S. Carmichael, had charge the business was well cared for and operated, and was indeed in good hands. Mr. Carmichael is one of the very able newspaper men in Alabama and it is to be regretted that he has left the field of journalism. The present owners of The Clipper will try their best to maintain the high standard of the paper and to merit the patronage of the public.

Special Notice.

In my absence should any one wish to buy any of my lots in Elba over at the Primitive church or on the hill they will confer with Levy Powell. H. L. Martin.

Announcement.

Yesterday the receivership proceedings in regard to The Clipper property were ended, the case dismissed out of court, and the Clipper and the Clipper property turned over to its present owners, Messrs J. A. Carmley and A. J. Bryan, Jr.

Readers of the paper know Mr. Carmley, editor of the Clipper heretofore, and now editor again, so that there is no need for introduction. Mr. Bryan, for some years past Probate Clerk, used to be one of the Clipper forces when he was a boy. He is a fine young man every way, with good newspaper ability, and he and Mr. Carmley will make a splendid paper of the Clipper.

About the court proceedings which have happily ended, I have to say that there was never any question of debts or the like involved, but the financial end of the property was all the while in good shape. The paper is now in now in good financial condition, as it has been for years, and no one need have any fear of its lack of permanency. There is plenty of brains, money and energy with the paper to make it go and to make it steadily improve. If you live in Coffee County and don't take it, you are sleeping over your rights.

To those who have been so kind to me during the time that I have had charge of the paper as receiver I wish to express my sincere thanks. To the printers, the rural route men and others who have lightened the burdens of the temporary editor no small degree the fair success the paper has had during the last two months due.

For the paper and its owners I bespeak a liberal patronage. It will stand for all things that are good for the county, will work for the best interest of the people of the county, and it deserves the richest success.

M. S. Carmichael.

Extraordinary Case.

Montgomery Journal.

Albert Edwards, a young white man, of Elba, Coffee county, was arrested charged with obstructing the road so as to an automobile could not pass, and cursing the negro driver. In the automobile was Mrs. A. H. Hill, a well known woman of that place. The young man wrote a public apology, and said if it was accepted he would leave the state and never return. The apology was accepted with this understanding, and the young man has gone.

This is a most extraordinary case and the punishment seems severe. The young man's apology is as follows:

"Be it known and declared that the undersigned Albert Edwards,

writes Mrs. L. R. Barker, of Bud, Ky., "and can do all my housework. For years I suffered with such pains, I could scarcely stand on my feet. After three different doctors had failed to help me, I gave Cardui a trial. Now, I feel like a new woman."

Patrons' Day.

Friday, July 14th, was patrons' day at Brooklyn.

The meeting was well attended and the day was spent in a very profitable way.

The speakers of the day were Hon. L. H. Bassett of Andalusia, Supt. W. O. Boseman of Covington, and Supt. C. H. Byrd. Hon. T. H. Bassett's lecture on importance of education, was very fine.

W. O. Boseman's educational address was also charged with inspiring and lasting impressions. Supt. Byrd's talk on duty of patrons was right to the point.

The good ladies of Brooklyn spared no effort in preparing a variety of good things to eat. They are always willing to support the cause of education.

As Editor Doby of Andalusia could not be with us, he sent a very effective letter on good roads which was read.

The business feature of the day resulted in re-selecting T. W. Taylor principal and Miss Mattie McCarty of Cobb, Fla., assistant. Everybody subscribed liberally for the support of next school.

The patrons of Brooklyn school deserve credit for the effort they are putting forth for the advancement of education. They are endeavoring to make Brooklyn school one of the best in Coffee county, and it is not exaggerating to say that they are succeeding in a reasonable degree. They have caught the inspiration and feel that their children are entitled to opportunities—the best that can be offered.

This being the first meeting of its kind, the superintendents thought it wise, and wish for such meetings to be held at other places.

When the opportunity presents itself, don't fail to visit Brooklyn, the garden spot of Coffee.

Good Crops in Coffee.

The crop prospects in Coffee are the best in years. Nearly all portions of the county have had good rains of late and the corn crop is now a certainty. Cotton crop is above average and no section of the state can boast of finer crops at this time.

A Cough, A Cold.

And then no telling what—unless you use Dr. Bell's Pine-Tar-Honey. It is the best, ask your neighbor. Look for the bell on the bottle.

Patrons' Day.

Friday, July 14th, was patrons' day at Brooklyn.

The meeting was well attended and the day was spent in a very profitable way.

The speakers of the day were Hon. L. H. Bassett of Andalusia, Supt. W. O. Boseman of Covington, and Supt. C. H. Byrd. Hon. T. H. Bassett's lecture on importance of education, was very fine.

W. O. Boseman's educational address was also charged with inspiring and lasting impressions. Supt. Byrd's talk on duty of patrons was right to the point.

The good ladies of Brooklyn spared no effort in preparing a variety of good things to eat. They are always willing to support the cause of education.

As Editor Doby of Andalusia could not be with us, he sent a very effective letter on good roads which was read.

The business feature of the day resulted in re-selecting T. W. Taylor principal and Miss Mattie McCarty of Cobb, Fla., assistant. Everybody subscribed liberally for the support of next school.

The patrons of Brooklyn school deserve credit for the effort they are putting forth for the advancement of education. They are endeavoring to make Brooklyn school one of the best in Coffee county, and it is not exaggerating to say that they are succeeding in a reasonable degree. They have caught the inspiration and feel that their children are entitled to opportunities—the best that can be offered.

This being the first meeting of its kind, the superintendents thought it wise, and wish for such meetings to be held at other places.

When the opportunity presents itself, don't fail to visit Brooklyn, the garden spot of Coffee.

Good Crops in Coffee.

The crop prospects in Coffee are the best in years. Nearly all portions of the county have had good rains of late and the corn crop is now a certainty. Cotton crop is above average and no section of the state can boast of finer crops at this time.

Dr. W. H. Coston went to Enterprise yesterday on business.

Miss Cleo Bryan left this morning for a visit to relatives at Opp.

Mr. Noah Hutchison, of New Jersey, tonight addressed the Kentucky Bar Association on the subject "The Lawyer in Politics."

"As one looks about him at the infinite complexities of the modern problems of life, at the great tasks to be accomplished by law, at the issues of life and happiness and prosperity involved, one cannot but realize how much depends upon the part the lawyer is to play in the future politics of the country," said Governor Wilson.

"If he will not assume the role of patriot and of statesman; if he will not lend all his learning to the service of the common life of the country; if he will not open his sympathies to command, and enlist his enthusiasm in those policies which will bring regeneration to the business of the country; less expert hands than his must attempt the difficult and perilous business. It will be clumsily done. It will be done at the risk of reaction against the law itself. It will be done, perhaps, with brutal disregard of the niceties of justice, with clumsiness instead of with skill."

Dr. J. C. McLeod and Dr. W. A. Stanley were here yesterday from Opp.

Miss Bonnie Conner leaves today for a visit to Dothan and Midland City.

Among those who are attending the S. S. Convention at New Brockton are Messrs. Claude Riley, F. P. Rainer and M. S. Carmichael, and Misses Alice Boyd and Fannie Harper.

Mrs. J. G. Hickman, who is here visiting her father-in-law, Mr. J. M. Hickman, has been quite ill for the past few days. We are glad to learn that she is improving.

5 or 6 doses of "666" will cure any case of chills and fever. Price 25c.

Last Wednesday at the residence of Mr. W. B. Harper, at New Brockton, Mr. John J. Till and Miss Dora Johnson were happily married. W. D. Dawkins, Esq., officiating.

The Clipper joins with their many friends in wishing them a happy married life.

Prof. W. W. Benson was in Elba this week shaking hands with his many friends here. He was recently our popular superintendent of the Elba Public School, and left here to take the presidency of the Agricultural College at Abbeville. He is now president of that college and is making one of the best presidents in the history of the institution. He is an able educator and deserves the heartiest support from this county. Attention is called to the advertisement of his school in The Clipper.

Double Head.

Editor Clipper—

The people of this section enjoyed a nice rain Sunday evening. The rain was very much welcomed for the crops were needing it.

Mr. Lovet Grimes' little baby is very sick at this time, but the physician says it is not dangerous.

A lot of our boys have gone to Mobile and other points, for a few days. Among those who went are Messrs. Clifton Crook, Dorian and Ross Clark. We wish them a pleasant trip.

Mr. W. A. Peacock and wife gave a pleasant call at the school house Friday evening. Our teacher, Prof. Hudson, reports a good school.

Prof. Edd Beasley was a pleasant caller at the home of Mr. and Mrs. Allen Peacock recently.

Well we will all get hoarse and fat now since peas and water-melons are plentiful.

On last Friday Mr. James Wescott, an aged old gentleman, was called to receive his reward. Mr. Wescott dropped dead in the woods where he had gone to get some wood. His remains were carried Pike County for burial.

We are informed that next Saturday, July 15th, the protracted meeting will begin at Hebron church. It will last several days. Every one is invited to come.

"Lawyers Must Lead the Public" Says Woodrow Wilson

Lexington, Ky., July 12.—De-

MANY LIVES LOST IN WRECK

Express, Washington To Boston Meets With Disaster.

PLUMBERS OVER A VIADUCT

Open Switch Caused One of the Worst Accidents Experienced by the New York, New Haven and Hartford in Years.

Many lives, probably a score, were crushed out in an instant, and probably twice as many persons were frightfully hurt when the Federal Express train over the New York, New Haven and Hartford railroad was hurled over a viaduct at Bridgeport, Conn., by an open switch.

Fire broke out in the wreckage, but the Bridgeport fire department quickly got this out, and the men left assistance to rescue the injured. Ambulances and doctors hastily summoned did their best to save those who were under the debris.

The express left Harlem river about an hour late. It was going at high speed when the open switch, a mile and a half west of the Bridgeport station, was struck.

The switch was near the tower at the junction of Fairfield avenue and State street.

There was a tremendous crash, an instant of intense silence and then the crash and shrieks of the wounded.

The wreck was almost complete, five cars having gone over, and only three cars of the long train being left on the track.

The engine, twisted into junk, was 200 feet south of Fairfield avenue. It had been the mail and baggage cars, while the Pullman and coaches were in a mass in the rear.

The day coach was entirely crushed and in it the deaths were many, five bodies being removed at once.

With drunks, policemen and doctors working as fast as possible, the dead and injured were laid out upon the lawn of a residence in Fairfield avenue. As fast as the ambulances came the injured were sent to hospitals.

In the wreckage of the engine was a body thought to be the engineer who had died at his post.

LONG LOST SON FOUND.

Abducted in Youth, Man Reunited to Relatives.

A Florida paper publishes the following remarkable story.

Stolen from his parents thirty-eight years and six months ago, when a golden-haired lad of less than three, Thomas C. Hale, a carpenter of Jacksonville, Fla., has just been reunited with his mother, Mrs. Mary A. Hale, of Duval, Ark.

There was an affecting scene when the mother and her long-lost boy, now a gray-haired man of 41, met at the Union depot Thursday morning. The aged woman did not recognize her son at once, but Hale, who had recently seen a picture of his parent, and whose earliest memories were stirred by seeing her again, clasped his mother in a fond embrace.

His mother, who had a life of stirring adventures since his abduction many years ago, stated that he was stolen by a relative who had a spite against an employer of the family and took an especial fancy to him.

During all these years until the de-facto several months ago, when he first learned his mother was living through a letter from a cousin in North Carolina, who had learned he was in Jacksonville, Hale bore the name of his abductor.

Owing to the urgent request of his mother, he declined to give his former name, and stated that no effort would be made to prosecute his abductor, who is still living in Florida. This man, he said, treated him kindly, but always led him to believe that his mother was dead.

RICH MEN UNDER BOND.

Wire Trust Men Plead Not Guilty to Charges Against Them.

Thirty millionaires, representing wealth estimated at \$40,000,000, stood sweltering in the United States circuit court before Judge Archibald at New York and pleaded not guilty to the charge of forming the steel wire trust and operating in restraint of trade.

Herbert L. Satterlee, son-in-law of J. P. Morgan, was the most conspicuous. He and the 29 others were held in \$1,000 bail each for trial, the date to be set later.

The United States has taken a hand in the international conflict caused by Germany's threat of aggressive action in Morocco.

ORPHANS IN CATHEDRAL.

One Child Killed, Two Fatally Hurt and Nine Others Injured.

A child was killed, two fatally injured and nine more or less injured at Louisville, Ky., when an automobile loaded with orphans of the Masonic Widows and Orphan home was struck by another automobile racing in Third avenue boulevard near Beechmont, a local suburb.

The automobile containing the orphans was returning from a day's outing at a local park and had nearly completed its return journey to the home when the accident occurred. An automobile owned by Marion E. Taylor, a local distiller, was racing on the boulevard, and just before it reached the machine containing the children the front tire became loosened, causing the machine to swerve and crash into the machine loaded with orphans. Both machines were hurled from the boulevard and turned turtle on the embankment at the side of the road.

The great question before the American republic is the question of good citizenship. I don't believe the United States is going to the dogs, no matter whether a republican or a democrat has the administration.

World Growing Better.

"The world in general is growing better, and particularly our part of the country. In my opinion we will soon devise a scheme that will give labor the benefit of its toil and keep riches from a few greedy souls. Signs point that the change is in sight, and the employer will soon share his profits with his workmen. The pension system, already in force on most of the big railroads, puts to blush the system maintained by the United States government. This is not the age of controversy, but practical religion."

FATAL POLITICAL RIOT IN MEXICO

Eight Persons Killed and Fifteen Injured.

MOB RIOT IN STREETS

Merchants and Owners of Stores Attacked, Posters Thrown on Houses and Fired Into the Attacking Mob.

Eight men were killed and more than fifteen wounded during a political riot in Ocotlan, Mexico. Partisans of Benito Juarez, one of the two candidates for governor, inaugurated the riot by leading an attack on mercantile establishments of Diaz brothers, relatives of General Felix Diaz.

The opposition candidate for governor, the resistance on the present occupants of the store increased the fury of the mob, which ran amuck through the principal streets of the little town, breaking windows of private residences and of other business houses.

In a short time the partisans of Diaz rallied, and their leaders led them in a counter mob. Few of the other factions were armed with anything better than revolvers, and the Diaz knives being weapons most frequently wielded. Merchants, owners of stores attacked, posted themselves in many cases on top of their buildings and shot into the attacking mob. Most of the deaths are ascribed to them.

The local authorities were powerless to restore order, and the fighting continued most of the night.

Two companies of soldiers were sent from Oaxaca to Ocotlan to quell the riot. During the fighting the house of Seckbach, an English firm, raised the British flag, but it proved no protection, the mob attacking the house as it did the others.

SHOT WIFE AND SELF.

Both May Die as Result of Family Tragedy.

Drinking a pint of whiskey and two bottles of beer, Robert G. Ingersoll, a news butcher, apparently 35 years of age, of Atlanta, today shot his wife in an upstairs room at 41 Crew street, corner of Woodward avenue, and then fired two bullets into his own head.

Ingersoll is in Grady hospital in a dying condition, and his death is expected at any moment. Mrs. Ingersoll also lies on a hospital cot in a precarious condition, her entire body paralyzed. Physicians say she has a chance for recovery, but that if recovery comes from the bullet wound, she will be a hopeless paralytic, the remains of her days. The paralytic was caused by the bullet striking the spinal column, after which it lodged in the shoulder.

CHAMP CLARK'S STRIKING ADDRESS

Principal Speaker, At Christian Endeavor Convention

VAST AUDIENCE WAS ON HAND

Speaker of the House Says That Any Man Who Misses Two General Elections Should Be Disfranchised—Christians Should Be in Politics.

With the big audience swayed to the tune of "Dixie," Speaker Champ Clark was introduced to a record throng on the million-dollar pier at Atlantic City, N. J., as the principal speaker before the Christian Endeavor convention. His speech was striking throughout.

"There is no room in the United States for a pessimist or an idler," he declared at the outset. "Any one who misses two general elections should be disfranchised. Our forefathers did not fight so we could sit at home. They wanted us to have our own say at election."

Every Citizen Should Vote.

"If I had one prayer that I was sure to be answered, it would be that every citizen should acquire sufficient education to read his own ballot and cast it as an American should."

"Headlines run nine-tenths of our elections, and the headlines are good and votes is a better man than the citizen who fails to cast his ballot. It is the duty of every Christian citizen to take a hand in politics. These flesh-and-blood citizens who say they are too busy to enter politics are bad citizens."

The great question before the American republic is the question of good citizenship. I don't believe the United States is going to the dogs, no matter whether a republican or a democrat has the administration.

World Growing Better.

"The world in general is growing better, and particularly our part of the country. In my opinion we will soon devise a scheme that will give labor the benefit of its toil and keep riches from a few greedy souls. Signs point that the change is in sight, and the employer will soon share his profits with his workmen. The pension system, already in force on most of the big railroads, puts to blush the system maintained by the United States government. This is not the age of controversy, but practical religion."

SMITH'S ELECTION SURE.

Senatorial Toga Falls on Georgia's Governor.

Acting separately yesterday at noon, the two houses of the Georgia legislature balloted for a United States senator, and by their action positively assured the election of Wednesday's joint ballot of Hoke Smith. The vote in the two houses really tells the tale, and suffices to demonstrate how clearly and decisively the opposition to the governor was shot to pieces. It follows:

In the senate:

Hoke Smith 21
J. M. Terrell 17
W. A. Covington 4
P. A. Stovall 2

In the house:

Hoke Smith 107
J. M. Terrell 36
W. A. Covington 10
P. A. Stovall 5
T. E. Watson 3
W. G. Brantley 3

The consolidated vote:

Hoke Smith 128
J. M. Terrell 53
W. A. Covington 14
P. A. Stovall 5
T. E. Watson 3
W. G. Brantley 3

Total 222
Smith's majority over all 222
Smith's majority over required number, 114-114.

CHASED ROBBERS.

They Wrecked Railroad Station Safe and Shot Sheriff.

The station of the Carolina, Clinchfield and Ohio railroad at Marion Junction, N. C., was dynamited and practically wrecked. Only \$4 was in the safe at the time and this was taken.

The robbers made a hole in the top of the safe and filled the hole with dynamite. They blew the safe open and accidentally wrecked the station.

Sheriff Mashburn, of Marion, started in pursuit of the robbers with blood hounds.

Three men alighted from a freight train at Old Fort, where Sheriff Mashburn had gone after losing the trail. He attempted to talk with the men, when one of them ran and commenced firing. Sheriff Mashburn was struck in the ankle.

Citizens of Old Fort took up the pursuit and a person, name unknown was shot in the arm.

The robbers escaped to the mountain followed by almost the entire male population of the village.

WOMAN USED GUN.

Rome, Ga., Treated to Rather Unusual Sensation.

As the sequel, it is said, of a series of business quarrels, extending over several months, Miss Zella Phillips, of Rome, Ga., shot David Tate, a Rome merchant, four times with an automatic pistol. One shot entered his chest and three his legs, but his wounds are not necessarily fatal, and it is believed that he will recover.

The woman is held in jail pending the outcome of Tate's injuries.

She claims that Tate was advancing on her with a pistol when she shot him. Tate claims Miss Phillips sent for him and shot him down as he approached her door.

The two conducted business establishments on Fifth avenue, in adjoining buildings, and the shooting was due, it is said, to business rivalry and jealousy.

Editor Duty Did Not Come.

Edward Duty editor of the Andalusian Star, had been invited to address the meeting but he failed to reach Elba on account of a breakdown on his way. The following telegram addressed to Mr. M. S. Carmichael was received from Mr. Duty: "Break down on Opp road right of way upper road impossible to come. No doubt Mobile road going through Coffee county, provided you build necessary road at one to connect by way of and connecting with Pike by way of Spring Hill."

The failure of Mr. Duty to reach Elba was a great disappointment to the great crowd of citizens who continued to wait here for him until they heard finally that he could not possibly get here on account of break down. The Clipper sincerely regrets that brother Duty missed being with us and addressing the large crowd of good roads citizens who had gathered here to hear him.

Interest Ran High.

There were speakers galore, and intense interest shown in all the proceedings of the meeting. The following are some of those who addressed the meeting: Judge S. N. Rowe, J. A. Carnley, J. H. Wood, J. P. Rainey, J. H. Wood, J. M. Hickman, W. M. King, O. A. Ellis, Mr. Martin and others.

Overseers And Apportioners.

A separate meeting of the apportioners and overseers was held, and the following overseers along the supposed route of the National Highway were present: T. D. Donoghue, D. O. Rhodes, J. A. Johnson, Matt Parrish, E. L. Sparlin, D. E. Taylor, T. P. Windham, Mansfield Smith, R. E. L. Walker, Will Harsley, J. H. Brown, R. E. Chapman and A. M. Smith. The apportioners and overseers recommended the working of the roads along the route which may be selected by the scouting party or locating committee. The apportioners of beats 2, 6 and 15 are to have the supervision of the work and the appropriation of a general fund

Many speeches were made. Hon. M. S. Carmichael explained the plan to build a great national highway from New York to New Orleans, coming through Georgia and Alabama. He explained that the road is scheduled to come by Troy, Ala., to Elba, to Andalusia, and on to Mobile, and that this road would be located about the last of the month or first of August by a scouting party composed of members of commercial clubs of Atlanta, Americus, and Mobile, and others among whom is Editor Duty a member of the locating committee.

CHICAGO CAR LINES.

Giant Corporation to Capitalize at \$145,000,000 and Control 1,625 Miles.

Plans for merging all transportation lines in the city of Chicago, most elevated and surfaced into a big corporation have been completed, according to a local paper.

A holding company to be organized under the laws of Massachusetts will take over the property, which will be operated under a general management. The holding company will control 1,625 miles of street railway, including the same authority, Samuel Insull, president of the Commonwealth Edison company, will be president of the new traction corporation and Henry A. Blair, of Chicago, chairman of the board.

The capitalization of the new company will be approximately \$145,000,000.

AUTO FALLS 500 FEET.

Remarkable Escape of Woman Near Denver, Colo.

Mrs. J. B. Baldwin, wife of Col. Baldwin, of the Denver, Colo. mint, had a remarkable escape from death when the automobile in which she was riding plunged over a precipice 100 feet high, rolled 800 feet further down the mountain and landed, a mass of wreckage, in a creek in the cañon.

Mr. Baldwin, who was driving, was thrown from the car, but was not hurt. Mrs. Baldwin remained in the car till it dropped the first 500 feet. She was picked up unconscious and brought on a special train to Denver, where it was found that her only injuries were cuts and bruises.

ENTHUSIASTIC MEETING ON ROAD QUESTION.

Coffee County Citizens Want National Highway Located Through Coffee.

Public Roads Along Supposed Route Will Receive Attention at Once.

In response to a call in Friday's issue of the Clipper, promptly at ten o'clock yesterday morning, the circuit court room of court house here was crowded to its utmost capacity with enthusiastic Coffee county citizens, including a large number of road overseers and apportioners. Every one seemed to be inspired with the thought of having a great national highway run through Coffee. The meeting evidenced the fact that these citizens are for good roads in their county.

Many Speeches.

Many speeches were made. Hon. M. S. Carmichael explained the plan to build a great national highway from New York to New Orleans, coming through Georgia and Alabama. Editor Duty Did Not Come.

Edward Duty editor of the Andalusian Star, had been invited to address the meeting but he failed to reach Elba on account of a breakdown on his way. The following telegram addressed to Mr. M. S. Carmichael was received from Mr. Duty: "Break down on Opp road right of way upper road impossible to come. No doubt Mobile road going through Coffee county, provided you build necessary road at one to connect by way of and connecting with Pike by way of Spring Hill."

The failure of Mr. Duty to reach Elba was a great disappointment to the great crowd of citizens who continued to wait here for him until they heard finally that he could not possibly get here on account of break down. The Clipper sincerely regrets that brother Duty missed being with us and addressing the large crowd of good roads citizens who had gathered here to hear him.

Interest Ran High.

There were speakers galore, and intense interest shown in all the proceedings of the meeting. The following are some of those who addressed the meeting: Judge S. N. Rowe, J. A. Carnley, J. H. Wood, J. P. Rainey, J. H. Wood, J. M. Hickman, W. M. King, O. A. Ellis, Mr. Martin and others.

Overseers And Apportioners.

A separate meeting of the apportioners and overseers was held, and the following overseers along the supposed route of the National Highway were present: T. D. Donoghue, D. O. Rhodes, J. A. Johnson, Matt Parrish, E. L. Sparlin, D. E. Taylor, T. P. Windham, Mansfield Smith, R. E. L. Walker, Will Harsley, J. H. Brown, R. E. Chapman and A. M. Smith. The apportioners and overseers recommended the working of the roads along the route which may be selected by the scouting party or locating committee. The apportioners of beats 2, 6 and 15 are to have the supervision of the work and the appropriation of a general fund

Many speeches were made. Hon. M. S. Carmichael explained the plan to build a great national highway from New York to New Orleans, coming through Georgia and Alabama. He explained that the road is scheduled to come by Troy, Ala., to Elba, to Andalusia, and on to Mobile, and that this road would be located about the last of the month or first of August by a scouting party composed of members of commercial clubs of Atlanta, Americus, and Mobile, and others among whom is Editor Duty a member of the locating committee.
